

Useful Language

Agree with someone

- I completely agree with that point.
- That's a good observation.
- I think you're right because...
- I share that view.

Disagree politely

- I'm not sure I completely agree.
- I see your point, but...
- That's an interesting perspective; however, ...
- I would argue that...

Ask for clarification

- Could you explain what you mean by that?
- Could you elaborate on that point?
- What exactly do you mean by...?
- Could you clarify that for me?

Give an example

- For example, ...
- A good illustration of this is...
- One case that demonstrates this is...
- Take ... as an example.

Challenge an idea

- Is there enough evidence to support that claim?

- Have you considered the possibility that...?
- Couldn't the opposite also be true?
- I'm not convinced that this necessarily follows.

Summarise another speaker's view

- If I understand correctly, you're saying that...
- So your main point is that...
- In other words, you believe that...
- As I understand it, your argument is that...

Hedge a claim

- It seems that...
- It could be argued that...
- There is some evidence to suggest that...
- This may indicate that...

Ask someone else's opinion

- What do you think about this?
- I'd be interested to hear your view.
- How do you see this issue?
- Do you agree with that interpretation?

Highlight complexity

- The issue is more complicated than it first appears.
- There may be several factors involved.
- The answer likely depends on the context.
- It's difficult to draw a simple conclusion.

Refer to evidence

- According to the evidence, ...
- Research suggests that...
- The data indicates that...
- Studies have found that...

Build on another person's idea

- I'd like to build on that point.
- That's a useful observation, and I'd add that...
- Following on from what you said, ...
- That connects to another issue, which is...

Ask a follow-up question

- Why do you think that is?
- What evidence supports that view?
- Could you develop that argument further?
- What might be the implications of that?
